

JUDGE GILSON IS LOOKING FOR A SEAT

FOND DU LAC JURIST WANTS
TO SUCCEED PINNEY.

He Has Strong Backing For the Vacancy on the Supreme Bench—Gen. Bragg One of His Supporters—Gov. Scofield Is Considering the Matter.

The Milwaukee correspondent of the Chicago Times-Herald notes the presence in that city of Gov. Scofield, who came for the purpose of meeting the friends of the various candidates for the vacancy on the supreme bench created by the resignation of Justice Pinney.

One of the first callers on the governor was Gen. E. S. Bragg, of Fond du Lac. The general's appearance served for a mine to strengthen the rumor which connected his name with the appointment, but he came in the interest of Judge Gilson in behalf of the entire bar of Fond du Lac county.

General Bragg is not a candidate for appointment, but he does want to see Judge Gilson get the place, and the general's wishes will probably go as far with Governor Scofield as those of anyone, owing to the gallant work which he has done for sound money.

Hugh Ryan met the governor twice during the day for the purpose of urging the appointment of a Milwaukee man to the place. Milwaukee, Mr. Ryan urged, had not had a place on the bench for many years, and its many interests and commercial importance ought to entitle it to one at least of the judges. Mr. Ryan appeared particularly for W. H. Timlin. Either Frank M. Hoyt or J. E. Dodge, he said, would, in case Mr. Timlin could not win, be a good appointment.

In connection with this matter an injustice has been done Mr. Ryan in classifying him as a silver democrat. Mr. Ryan's connection with Judge Roscoe's mayoralty campaign, when he made several speeches, is responsible for the mistake. As a matter of fact, Mr. Ryan was one of the gold democrats of 1896, and was on the stump in that campaign for Palmer and Buckner.

Governor Scofield left for Madison at 8 o'clock. Before he left he said he should not decide on an appointment before Monday, when his decision would be announced. The impression is growing that Judge Gilson will be the man selected, though there was a rumor to-day that if the judge is not appointed, J. E. Dodge, of this city, will get the place.

LABUNDY'S FAMILY HARD LUCK

Severe Accidents Follow Each Other in Close Succession.

Word comes from Sharon that Peter Labundy, who had his left leg broken in a runaway about seven weeks ago, is about again with the aid of crutches. His little three-year-old boy, who broke his left arm at the same time, met with another severe accident when he fell into a kettle of boiling water, in a sitting posture, scalding him so severely that he was compelled to lie face downward for over a week. The poor little fellow is only three years old, but he endures his afflictions in a heroic manner. Early last spring he had the misfortune of breaking his left arm, and he had scarcely recovered from its effects when he broke the same arm again, and to make his affliction doubly hard, he met with this last painful accident. He certainly deserves the sympathy of the community in his numerous afflictions.

Washington, Nov. 12.—At the cabinet meeting Friday the president presented the text of a petition signed by 1,000 Cubans, asking that relief be furnished the hungry and destitute of the island. This food will be sent to the island very soon. It will be furnished by the government.

THIRD COMES IN.

Illinois Volunteer Soldiers Get Back from Porto Rico.

Chicago, Nov. 12.—The Third Illinois volunteer infantry is home again. Ten of the most prosperous towns and cities in northern and northwestern Illinois welcomed the heroes of Porto Rico after Chicago had opened its arms for a brief while to show the boys they were appreciated.

Col. Fred Bennett marched his sunburned regiment through the center of the business district, while the cheers of thousands greeted the boys. In their physical condition, their military bearing, and their general appearance the soldiers of the gallant Third were up to the highest standard.

The entire regiment took dinner at the Great Northern Hotel as the guests of a number of clubs of the city, and then the companies hastened to the railroad stations and departed for their homes. Each captain received orders from Col. Bennett to furlough the men for sixty days as soon as the home stations were reached. The furlough will begin, therefore, to-day, and on its expiration the men will probably be mustered out at Springfield.

SAY STRIKE IS SETTLED.

Report That the Virden Trouble Has Been Arranged.

Carlinville, Ill., Nov. 12.—The causes of strife between the Chicago-Virden Coal company and the striking miners have virtually been settled. For some time Secretary Ryan and Ed Cahill, district president of the United Mine Workers, have been in conference with the company officials touching an agreement, but several differences prevented it.

President Loucks Thursday evening wired Mr. Cahill to meet him at the Chicago & Alton train in Virden and accompany him to Chicago. This was done, and President Cahill is said to have asked the following concessions: That the state scale be paid; that the stockade be torn down; a manager be appointed in F. W. Lukens' place; remove the head engineer and the top boss, and send the six negroes now in the stockade to Alabama.

It is understood that the Chicago-Virden Coal company has agreed to these demands, and a settlement will be made at once. A speedy resumption of work in the mines is expected.

Killed by a Minister.

Taylorville, Ill., Nov. 12.—Jasper White was shot to death Thursday night by the Rev. Enoch Parks, a Free Methodist preacher, in the house of the minister. White, who was forty-seven years old, leaves a wife and four children in destitute circumstances. Parks, who is forty-one years old, has a wife and three children. Recently Parks had been serving as a deputy sheriff at Pana during the mining trouble. The murderer, who acknowledged his guilt, gave himself up to one sheriff. Jealousy is ascribed as the motive of the shooting.

Lee Victor in South Dakota.

Sioux Falls, S. D., Nov. 14.—The election of governor was in doubt until a late hour Friday afternoon, when official returns were received from several counties, which showed big changes from the estimates in favor of Lee. Chairman Kidd of the populist committee claims Lee's election by 500 and Chairman Herried of the republican committee concedes it by about 200. The legislature is republican in both branches. The senate has twelve republican majority and the house nineteen.

RICHARD GUENTHER GOES TO FRANKFORT

CHOSEN FOR AN IMPORTANT
CONSULAR POSITION.

Will Represent the United States At Frankfurt-On-the-Main—His Career In the Public Affairs of Wisconsin Has Been a Phenomenal One.

Washington, Nov. 12.—Frank Mason, of Ohio, who has been consul at Frankfurt, Germany, both during the present administration and the Harrison administration, has been selected to succeed to the vacant consul-generalship at Berlin, caused by the death of Julius Goldschmidt, and Richard Guenther, of Wisconsin is to succeed Mason at Frankfurt. There is no better known public man in Wisconsin than Mr. Guenther. He first made his appearance in politics in 1877, when he emerged from the position of a druggist in Oshkosh and captured the nomination for state treasurer on the republican ticket and was elected to congress and served four years. At the close of his last term he went into the second district and made the sensational campaign which resulted in his election to congress over A. K. Delaney. This was the first and only time in the history of the state when an outsider was elected to congress from any district. When President Harrison took his seat he appointed Mr. Guenther consul general to Mexico, which position he held until the administration changed. After a period spent in mining in Arizona and Mexico, Mr. Guenther returned to Wisconsin, and on the reorganization of the state board of control in 1895, he was appointed as one of the members. His term will expire next April.

FORECAST OF WEATHER

Chicago, Nov. 12.—[Special]—Forecast for Wisconsin:
Partly cloudy; probable showers Sunday.

SUGGESTS A LARGER ARMY.

Adj.-Gen. Corbin Would Release All Volunteers.

Washington, Nov. 12.—In his annual report to the secretary of war Adj.-Gen. Corbin recommends the enlargement of the army to a force which will permit the release of the volunteers now in service; an increase in the number of officers by at least one first lieutenant to each troop; additional pay for commissioned officers who are, by duty, separated from their families, and a change in the present law which forbids the enlisting of non-citizens.

The adjutant-general, while complimenting the volunteer branch on its good work during the recent war, suggests reforms in the national guard. He advises more thorough work in state encampments and insists the militiamen be compelled to subsist on regular rations, cooked by themselves. This, he believes, will better fit them for actual service. For this purpose an increase in the government appropriation is declared necessary.

Fear of More Riots at Pana.

Pana, Ill., Nov. 12.—Reports that rifles in large quantities have been shipped to Pana and vicinity in anticipation of another battle between union miners and negroes have caused great alarm. Capt. Butler, commanding the militia here, has wired to Springfield for instructions and says he will ask for additional troops to prevent possible bloodshed.

Marchand Still at Fashoda.

Cairo, Nov. 12.—Maj. Marchand, commander of the French expedition now at Fashoda, and Capt. Baratier, who carried Marchand's report to Paris and brought him the reply of the French government, have postponed their departure for Fashoda. It seems that there is some hitch regarding the route he is to take.

Iowa's Corn Crop Leads.

Des Moines, Ia., Nov. 12.—The government crop report shows Iowa's corn product this year to be 268,672,000 bushels, or 32 bushels per acre. This is the greatest corn producing state this year, showing a gain of 20,000,000 bushels over 1897. It is the greatest yield per acre of any western state.

Want More Armament.

Washington, Nov. 12.—[Special]—Officials of the war department say they have no information that the situation at Havana is as serious as reported. It has, however, dispelled the idea that all will be quiet until the Americans are in full possession.

Local Resident Helps Out the Republican Party at Manitowoc.

Manitowoc Herald: A. E. Tanberg, of Janesville, a member of the force of abstracters at work on the Manitowoc County Abstract company's books, made a rousing republican speech at Silver Lake Monday evening. Al. does not pose as a spellbinder, but he has the ability to tell what he desires to tell in forcible, convincing language. Those who heard him talk say that he held the undivided attention of his audience throughout the speech, which was confined almost wholly to a discussion of national issues.

IN NO GREAT DANGER

The Maria Teresa Is Not in As Bad Condition As Was Reported By Officers.

Washington, Nov. 12.—[Special]—Lieut. Craven, commanding the Potomac, cables the navy department from Nassau: "The Potomac has arrived at Nassau. The Maria Teresa is near Bir's Point, Cat Island, one mile from shore in two fathoms of water. The tide is rising and falling inside. The temporary deck was broken up, and movable articles removed by the natives. The Vulkan not seen." This announcement causes astonishment at the navy yard, and is taken to indicate that the vessel is not in nearly so dangerous a position, as reported when it was abandoned by Commander Harris, and it is said a court martial will undoubtedly follow.

Norfolk, Va., Nov. 12.—[Special]—The wrecking tug Merritt with divers and wrecking apparatus left here today for Cat Island, where she will help float the Maria Teresa.

Attack State Railroad Law.

Springfield, Ill., Nov. 12.—The state law which requires all passenger trains on railroads to stop at all county seats through which they pass is to be attacked in the supreme court of the United States. The Big Four railroad runs a train through Hillsboro without stopping. The state's attorney of Montgomery county applied to the circuit court for a writ of mandamus to compel the railroad company to obey the law. The writ was awarded and the case was taken by the railroad to the supreme court of the state, which sustained the lower court. The United States supreme court will be asked to reverse this decision, on the ground that the train in question is engaged in interstate commerce and that the state law is therefore inoperative to it.

Ship Landed for \$2,500,000.

Philadelphia, Pa., Nov. 12.—The Compagnie Generale Transatlantique, owners of the steamship La Bourgogne, which was sunk with appalling loss of life off the Newfoundland Grand Banks July 4 last, Friday night seized the steamship Cromartyshire when the latter arrived here as being responsible for the horror. The action was taken by suit in the United States court, and the libel is fixed at \$2,500,000, the largest claim ever filed against a vessel in the United States.

Will Fight for Nebraska.

Omaha, Neb., Nov. 12.—Complete returns from Nebraska have been received. The head of the republican ticket, Hayward, has 88,668 votes, and Poynter, fusion, 91,198, a plurality for fusion of 2,530. This is a net gain of 10,866 for the republicans. The official count may change these figures somewhat, as both sides tonight still claim the legislature, each accusing the other of fraud and an effort to steal the legislature.

Last Negro Has Left.

Springfield, Ill., Nov. 12.—Capt. Paul Lino, commanding Troop A, First cavalry of Chicago, stationed at Virden, advised Adj.-Gen. Reece Friday that the last of the negroes who were at work in the Virden coal mines left that place this morning. As it is improbable that any further effort will be made to land negroes at Virden, and the miners have become pacified, Troop A will be relieved in a few days.

Decrease in Immigration.

Washington, Nov. 12.—Commissioner General T. V. Powderly of the immigration bureau, in his annual report to the secretary of the treasury, gives the total number of immigrants who arrived in the United States during the last fiscal year as 229,299, a decrease as compared with the fiscal year 1897 of 1,633. Of the whole number 135,775 were males and 93,524 females.

COUNSELLOR BYRNE DID NOT APPEAR

HENCE NO ONE WAS "TRUN OUT OF COURT" TODAY.

Thought Better of His Declaration and Submitted to Judge Fiske's Ruling—Large Audience Heard the Trial of the Case—The Jury Says Not Guilty.

The somewhat noted case of the state of Wisconsin versus one P. Scherer was tried before Judge Fiske by a jury of peers in the municipal court today, and the man who had made the case of more than usual note—Counselor William Byrne, Esq.—was missing. Counselor Byrne is not a member of the Rock county bar, and cannot practice in the courts of record—which same the municipal court is. When Judge Fiske informed the counselor that such was the fact yesterday, the counselor discharged a very fair quality of English eloquence, declaring that the only way they could get him out of the court would be to "throw" him out, whereas one Wallace Cochrane felt of his own right arm and smiled—which fact, however, has nothing to do with the case.

But during the night the counselor took a second thought and evidently decided not to be "thru'd." At any rate, he did not show up this morning and Attorney Henry S. Sloan appeared for the defense.

Got a Sharp One

The court room was crowded when the trial of the case was begun. The complaint was made by Stephen B. Kenyon, agent of the Humane society, and Scherer was charged with beating a dog owned by Mrs. Elizabeth Zeininger. She took the stand, Attorney Sloan questioned her.

"You were excited when you saw Scherer beating the dog, were you not?" the attorney asked.

"Yes."

"And you are excited now, are you not?"

"Yes, and so would you be if it was your dog," replied Mrs. Zeininger, and everybody in the room joined in the laughter that followed the rally.

The case was argued at noon, and a recess taken until 2 o'clock.

At 3:45 o'clock the jury brought in a verdict of "not guilty," and Mr. Scherer was declared free from all blame.

RACE WAR HAS CEASED

North Carolina Conflict Is Suspended, But It May Be Resumed Later On.

Raleigh, N. C., Nov. 12.—[Special]—Governor Russell has received the following telegram from Lieutenant Colonel Taylor, commanding the troops at Wilmington: "No probability of further race conflict. The military will be needed some days to aid the civil authorities in restoring peace and order."

MAY USE TROOPS.

President McKinley May Be Compelled to Interfere in Carolina.

Washington, Nov. 12.—The cabinet Friday spent some time considering the situation in North and South Carolina.

Washington, Nov. 14.—The cabinet while the president has no desire to invade any state with federal authority, it is a grave question as to whether he will not have to do so, especially in South Carolina, where the white citizens made an attack upon the United States collector of customs at Charleston, who was shot, severely wounded, and has taken refuge in the penitentiary to save his life. The federal government is bound to protect its representatives in their duties, both at home and abroad, and steps will be taken to protect Collector Tolbert in the exercise of his duties at Charleston, S. C., the same as the government would an American consul in South America or Europe.

The killing of negroes by white men at Wilmington, N. C., is said to be regarded by the president and his cabinet as among the worst outrages ever perpetrated in this country. But the president is powerless to interfere unless Gov. Russell of North Carolina calls upon him for troops to suppress the rioting and restore order. The Fifty-third congress repealed all the emergency legislation which gave the president power to protect citizens under such circumstances as this, and the North Carolina situation will be left to congress until the governor calls for troops.

Held a Short Session.

Washington, Nov. 12.—Another session of the joint high Anglo-American commission was held Friday, and at its conclusion adjournment was taken until next Tuesday.

Abcess Was Lanced but Would Not Heal Until Hood's Sarsaparilla Purified His Blood—Now a Healthy Boy.

We decided to give him Hood's Sarsaparilla, and, to our great joy, it has entirely cured him. He was always a weak and puny child, but since taking Hood's Sarsaparilla he is strong and rugged, and as healthy a boy as anyone could wish to see." T. L. Jones, Bluffton, Minnesota. COOPER WILL STEP UP HIGHER

He Will Be Chairman of the Committee on Rivers and Harbors.

A dispatch from Washington says that a western man will probably be at the head of the rivers and harbors committee this session, which means considerable in the way of appropriations for that section. Representative Warren B. Hooker, of New York, who is chairman of the committee, has been appointed circuit judge by Governor Black, to succeed the late Judge Green. Mr. Hooker, who has just been reelected to the Fifty-sixth congress, will resign. The next member of the committee is H. A. Cooper, of Wisconsin, who, it is thought, will become chairman. He is deeply interested in the west, and especially in the deep waterway channel. Mr. Cooper has risen in rank on the committee ever since he took his seat in congress. He was fifth in rank during his first term.

A HARD WINTER IS IN PROSPECT

THERE ARE SIGNS OF COMING FRIGID WEATHER.

Corn Husks Are Tight and Hornets Have Built Their Nests Higher Than Usual—Farmers Are Good Weather Prophets and Observe These Things.

According to farmers in this vicinity who are regarded as the best of weather prophets, the coming winter is to be a very severe one. These forecasters make their predictions according to nature's own indications, and do not have any use for the official weather man's maps. In a recent tour of the state the coming winter was found to be a question much discussed at the country stores and around the barroom stoves in the hotels. "Yaas, it's certain that we're ter hev a hard winter, with a plenty of snow," said one farmer in the center of the state, addressing a number of neighbors who were lounging about the hotel office. "That's one sure sign, and that is that th' hornets has built their nests high. If th' winter was ter be mite they'd hev built them low, a few foot from th' ground; but th' nests hev been made about ten foot high, to git out of th' way of th' snow that lays on th' ground."

The same sign was spoken of in numerous places, and another sure indication was stated by one farmer, who said that the corn husks were tight, which betokened a tight winter.

One indication that is sworn to be certain is that the chestnut crop is large. Farmer state that a cold winter has always been known to follow if there are plenty of chestnuts.

THE OPERA SEASON CLOSES

Tonight's Performance Will End a Very Acceptable Production

The production of "Olivette" by the Mackay opera company last evening drew a fine audience. Musically the opera is not a very strong one, but the comedy element is conspicuous, and this was brought out well by the excellent actors to whom the roles were entrusted. The Olivette was charming and piquant, and all the other characters were well sustained.

Tonight closes the season, when "The Chimes of Normandy" will be presented. The opera is one of the best of standard productions, and ought to attract a large house. The between-act dancing of Anita is a feature of the performances that alone is worth going to see. It is by all odds the best ever seen in Janesville. This afternoon's matinee is well attended.

W. C. T. U. Convention at St. Paul Begins Its Session with Services in Memory of Departed Friends—Encouraging Reports Made.

St. Paul, Nov. 12.—Tears for the departed leader marked the opening on Friday of the twenty-fifth national convention of the Woman's Christian Temperance Union, the first without Miss Frances Willard. Soon after 10 o'clock the crowd of 500 delegates from every state was called to order in the People's Church by Mrs. Lillian M. N. Stevens, now acting president, and probably soon to be made permanent head of the organization. Miss E. W. Greenwood of New York, national evangelist, led the prayer and consecrated meeting.

Following the roll call, the singing of a hymn and short prayers, a memorial service was held for the members who have died since the convention of 1897 at Buffalo. Bedecked with white chrysanthemums and the white banner of the union, the president's chair, a twelve-month ago occupied by Miss Willard, stood at the center of the stage.

The general opinion regarding what will be done with the temple in Chicago remains the same now that the convention has met as it has been since July 18, when the executive committee issued its statement. The probability is there will not even be a very long discussion next Monday afternoon, except on Mrs. Carse's side of the subject. The majority of state unions has decided what to do and about all that is left is for the final official vote to be taken.

The first regular business of the convention was taken up this afternoon, when two important reports of officers for the last year were read. The first report was that of Katharine Lente Stevenson, the national corresponding secretary, who, in a long address, dwelt upon the progress in the last twenty-five years by the W. C. T. U. and on the prospect that is before it.

The large gains in many states, amounting to the greatest annual increase recorded by the union in seven years, were also reported. Among the state reports was one from Alaska, sent by Mrs. E. Otis Smith of Sitka. Mrs. Helen M. Barker, the national treasurer, made the other report. She announced that the union's receipts in the last twelvemonth amounted to \$24,297.55, while the expenditures were \$23,207.87, leaving a balance of \$1,089.68 in the treasury.

If the union decides against the Temple project there will be a plea for money made to the whole United States. The trustees will place Temple agitators everywhere. The landing of the convention for next year points to Seattle, Wash., while Boston, Washington, Portland and Detroit are holding out their hands, too.

THE SIMPLEST CURE FOR INDIGESTION,

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn out stomach do all the work, give it a needed rest, and a cure of dyspepsia is the natural result.

You get nourishment and rest at the same time, because these Tablets will thoroughly digest all wholesome food taken into the stomach whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases.

Mr. J. O. Wondley, of Peoria, Ill., writes: I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want.

Mrs. Samuel Kepple, of Girty, Pa., writes: I have been entirely relieved of my stomach troubles by your tablets. I suffered three years with sour stomach and gas at night. I am thankful for them.

Mrs. A. E. Bowen, Barnard, Vt., writes: I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was.

Stuart's Dyspepsia Tablets will not disappoint because they cure dyspepsia surely and lastingly by causing the food to be properly assimilated, and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach diseases to Stuart Co., Marshall, Mich.

WINE OF CARDUI

HEALTHY OLD AGE.

LARRY, BENTON CO. ARK., Aug. 4.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Military Board of Inquiry.
Washington, Nov. 12.—A movement is on foot by prominent army officers who took part in the war with Spain to have the president appoint a strictly military board to examine into the conduct of the war. The movement has the indorsement of Maj.-Gen. Miles, and is understood to have the sanction of Secretary Alger. The board is not to be a court of inquiry, but merely a board to make a history record for the war department and to discover the mistakes of the war so that they can be prevented in the future. Its work will in no wise interfere with nor duplicate that of the war investigating commission.

Notice was given to Jim Tolbert that he must leave the county in 36 hours. He has disappeared.

THE BULLDOSE NEWSPAPER.

The newspapers that attempt to bulldoze the people into doing something that they do not think is right, always fail. The American people have minds of their own, and do not have to have their duty pointed out to them. The people of Illinois showed their independence on election day, when they refused to accept the judgment of certain papers headed by The Chicago Tribune, but voted as their consciences dictated. The Tribune undertook to force the defeat of all the legislative candidates who had voted for the "Allen bill," a measure to extend the franchises of the Chicago street railway company. Party warfare, and everything else faded from The Tribune's insane sight, and it sought only the one end—the defeat of the men mentioned. No denunciation has been too severe to be heaped upon these men, and The Tribune has called them all the names that the law allows a newspaper to use. In one column The Tribune called upon the people—or commanded them rather—to vote against certain republicans because these republicans had supported the law in question. In the next column The Tribune called upon—or commanded—the voters to elect a legislature that would elect republican senators, etc. In other words, The Tribune was a republican paper so far as its own ends were suited. Outside of that, it gave democracy all the encouragement it could. It made a wolf-in-sheep's-clothing campaign. The people of Illinois were not misled, however. They knew as much about the honesty of the candidates as The Tribune did, and abuse did not change their opinions. They voted as they saw fit and elected the republican candidates for the legislature, regardless of The Tribune's vindictive assaults.

The Tribune's actions during the past few months have been extremely erratic. Its assaults on the war department and its "yellow department" have caused many people to discard it. It has not been a party paper at all, but rather the organ of a few people whose policy, apparently, was to condemn and destroy everything that belonged to anyone else.

On the other hand, The Chicago Inter Ocean has supported the president and republican doctrines manfully. It has been just what it purported to be—a straight-out republican paper that stood by the party at all times, and in all places. Its columns have been free from the yellow tinge that marked The Tribune, and as a result, its list of Wisconsin readers has increased greatly. The Gazette believes in a true-blue policy, and commends The Inter-Ocean to its readers as a paper that is republican; not intermittently, but all the time.

The Wisconsin running mate of The Tribune was The Milwaukee Sentinel, but the seed sowed by The Sentinel also fell upon barren soil. The Sentinel has abused everything that the Tribune attacked—from Secretary Alger down to the "Allen bill candidates" and The Inter Ocean. Yet at the same time The Milwaukee correspondent of The Inter-Ocean was rendering the republicans of the Badger state valiant service, while The Sentinel was secretly stabbing the republican ticket in the back.

Because they were not allowed to dictate party policy absolutely, both The Tribune and The Sentinel turned their backs on the party that supports them. The people were quick to understand the situation, however, and The Sentinel's campaign for a "third man" etc., with all its accompanying fits of sulks and ill concealed disloyalty, fell as flat as did The Tribune's fight on the republicans who voted for the Allen law.

A few disgruntled newspapers did not make the republican party. Neither can they unmake it, and the quicker these rule-or-ruin organs realize the fact, the better it will be for them.

The Beloit Free Press says, "they made a great big bluff in Janesville to take that city way from Appleby on election day, but the friends of Billy couldn't see it that way, and while they

gave the city to him by a hundred or so they took unto themselves several hundred of his opponents' saboteurs."

ROCK COUNTY AT THE HEAD

Rock county gave Governor Scofield the largest plurality of any county in the state, 2749. Next comes Wau paca county with 2400; then Walworth with 2800. From those figures, the pluralities run down to 68 in Portage county. The counties of Calumet, Dane, Dodge, Kewaunee, Langlade, Lincoln, Manitowoc, Ozaukee, Fond du Lac and Washington went democratic with pluralities from 2100, the highest in Dodge, down to 27 in Fond du Lac.

Rock county may well be proud of this record. She has always been at the top of the list, but this is the first time that she has given the heaviest plurality in the state.

The republicans of the county have cause for congratulating each other on the result. The factional fight in this county was spirited, but after the battle was over the contestants settled down to work for the ticket. This is as it should be. It is natural that men should differ as to the strength of various candidates, but it is not natural that there should be any difference of opinion as to duty to party principles.

The republicans of good old Rock are united and harmonious. They are all "believers in the faith" and will work early and late therefore regardless of any minor consideration. The result of the election shows this conclusively, and it is one of the most gratifying facts that the election has established.

While the vote was light, the figures show that there were as many stay-at-homes among the democrats as among the republicans. The figures show that both parties cast 67 per cent. of the vote cast in 1896, so honors were even on that point.

The Beloit Free Press—"Tommy" Nolan and "Willie" Jackson, chairman and secretary respectively of the Rock County Republican committee, seem to have done pretty well for "boys."

Mayor Rose, of Milwaukee, apparently enjoys the distinction of being the only man in the United States who thinks President McKinley is a "blatant demagogue."

Wyoming went democratic two years ago, but the republicans carried the state at Tuesday's election.

Beloit people voted against the purchase of the waterworks plant.

"What is the matter with Kansas?"

Rock county did herself proud.

DRUDGERY

Monotonous Work That Wears the Life Away.

Dr. Greene's Nervura is a Blessing to the Toiling Masses.

There is no greater strain upon the nerves than monotonous drudgery. Women in stores and factories and men in the various mechanical occupations are conspicuous examples. A desire for stimulants is manifested and tempts many to inevitable ruin. Insomnia and irritability are among the commonest characteristics, and physical exhaustion and mental depression, accompanied by forgetfulness and incapacity for intelligent work, are features of such disease. Dr. Greene's Nervura for the blood and nerves is an unfailing specific for all such ailments, and quickly overcomes every disagreeable symptom by removing the cause. Nervura is new life, new ambition, new happiness and usefulness.

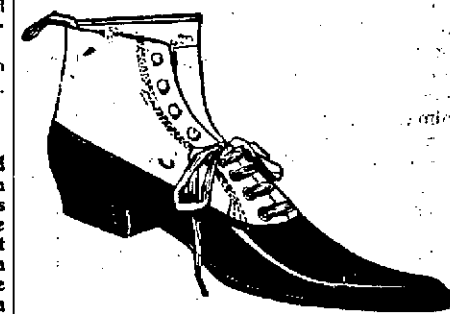

No case of impaired vitality, whatever may be the cause, should be neglected. Such a condition is a constant invitation to disease and death. Serious cases of

dyspepsia require revitalization of the nervous system. Female complaints are often complicated by such symptoms as general physical exhaustion, insomnia, melancholy, headache and neuralgia. All such ills disappear under treatment by Dr. Greene's Nervura, which a quarter of a century of success has established as a standard specific for all diseases and derangements of the blood and nerves. Under the magic influence of Nervura the blood is strengthened and purified, and carries new life to every part of the body. The nerves again become normal. Refreshing sleep is assured. Mental anxiety is removed. The world becomes a joy and an inspiration.

If you feel the need of special advice consult freely with Dr. Greene, personally or by letter, at his office, 148 State Street, Chicago, Ill. Dr. Greene exacts no fee for consultation.

ROCK COUNTY HEADS THE STATE LIST

LARGEST PLURALITY FOR SCOTFIELD IN WISCONSIN.

Republicans and Democrats Had the Same Proportion of Stay-At-Homes, But 67 Per Cent. of the Vote in 1896 Being Cast—The Canvass.

In speaking of the proportionate vote for governor and Lieutenant Governor the Milwaukee Sentinel says: "The official returns as to the vote of the state does not change materially the vote by counties as printed in The Sentinel on Thursday. In some counties Scofield gains a few and in some he loses a few by the official count. Scofield's plurality was then given as 37,050. Corrected by the official reports so far received it is now 36,141. The principal change is in Rock county, credited with 2,500 republican majority, whereas the official count gives only 1,748. This is a mistake. The official canvass gives Gov. Scofield a plurality of 2,749 in Rock county, which is the largest plurality given him by any county in Wisconsin.

The "stay-at-home vote" was extensive, but it affected democrats and republicans alike. Both parties cast just 67 per cent of the vote cast in 1896.

The official canvass has been completed. The vote on governor is an indication of the vote for the prohibition and labor candidates for other state offices. The figures are as follows:

Speaking Clocks.

In Switzerland they have commenced making phonographic clocks and watches, which, it appears, leave anything heretofore accomplished far in the shade. By merely pressing the button of the new timepiece it pronounces the hour distinctly. The alarm calls the sleeper: "It's six o'clock get up." There are some which even add the words: "Now, don't go to sleep again." The form can be changed to suit the buyer and makes the warning more or less emphatic. This application of the phonographic principle is due to a French watchmaker settled at Geneva. He introduced into clocks and watches little slabs of vulcanized rubber, on which the desired words are traced in grooves, corresponding to the hours and fractions of hours.—Le Moniteur de la Bijouterie et de l'Horlogerie.

WISCONSIN GOES DOWN BEFORE CHICAGO PLAYERS.

The Result Has Caused the Windy City Enthusiasts Much Uneasiness—The Grounds Are in Bad Condition On Account of Mud—The Line-Up.

Chicago, Nov. 12.—[Special]—The football game between the Universities of Wisconsin and Chicago resulted in a score of 6 to 0 in favor of Chicago.

The eyes of all Chicago and the greater part of Wisconsin are centered today upon the foot ball game being played at Marshall Field by the eleven of the University of Wisconsin and the University of Chicago. A large number of lovers of the game left Janesville last night to witness the battle of the giants.

The Chicago foot ball enthusiasts regard this as the most important contest of the year, and fear defeat as they have never feared it before. The players are very evenly matched, and the advantage, if any there is, on the side of the Wisconsin team. There will be hot work from start to finish.

The field is in bad shape for a fast game. The recent rains have converted it into a mud hole, but no effort has been spared to put it in the best possible shape for today. If Wisconsin has been depending on end plays for her gains, it may be materially affected by the slippery ground. Chicago will also be handicapped in this feature of play, but line bucking is also in the repertoire of the Maroon team.

The following is the line-up of the two teams:

Wisconsin.	Position.	Chicago.
Coehms.....	L. E.	Schmalz
Holmes.....	L. T.	McIntyre
H. Champlin.....	C.	Burnett

THE JUNIORS PLAY FOOTBALL

Janesville and Brodhead Eleven Are at It This Afternoon.

The football game between the second eleven of the Janesville High school and the Brodhead High school is in progress at Athletic park this afternoon. Quite a large number of visitors came over from the Green county town to see the game. The line-up was as follows:

Janesville.	Position.	Brodhead.
Richardson.....	center	Gardner
McCarville.....	right guard	West
Silverthorne.....	left guard	Austin
McVey.....	right tackle	Kirkpatrick
Ross.....	left tackle	Bowles
Dougherty.....	quarter	Mitchell
Nicholson.....	right half	Doollittle
Griffiths.....	left half	Fleek
Joyce.....	right end	Bucklin
Daly.....	left end	Ten Eyck
Litts.....	full back	Blackman

Up to the hour of going to press the game had not been concluded.

A Tremendous Rush

The crowds that filled the store to its utmost capacity today demonstrate where the shoe buying public goes. It is not to be wondered at when you stop to think of the extraordinary values that were being offered. Merit always wins.

A marked feature of all our sales has been that they were always so remarkably conspicuous on account of the large crowds that responded to our advertisements. It is easily explained. We never misrepresent. F. L. Quatsoe, advertiser of facts.

Mexico Lowers the Bars.

Mexico City, Nov. 12.—Congress has received a new bill from the department of encouragement of great interest to American investors in Mexico. It is provided that companies organized under this law shall be relieved from federal taxation during the life of the privilege, and that the material required in new industries shall be imported free of duty. The old law made \$250,000 the minimum amount of capital required to enjoy these immunities, but the new law reduces the amount to \$100,000.

Will Not Bother Roosevelt.

New York, Nov. 12.—Richard Croker said when he heard some one was to try to contest Col. Roosevelt's eligibility for governor: "Tammany hall has nothing to do with any such scheme. We fought Col. Roosevelt at the polls. The returns say that he is elected. We know nothing of any such intention ascribed to some anonymous member of the organization. We are not behind it and will not stand for it."

Sure She Is the Teresa.

Nassau, N. P., Nov. 12.—Wreckers who have arrived here have brought with them stories from the stranded vessel off Cat island which establish beyond a doubt that she is the Infanta Maria Teresa. As the vessel is looked upon as being a derelict, the wreckers claim the right to seize the stores which can be saved. The vessel lies between two reefs on a smooth bottom and has her anchor out.

Hollo Is Besieged.

London, Nov. 12.—Advices have been received at the office in this city of the Philippine Commercial company, saying that the insurgents have taken the island of Negros, one of the Philippine group, separated by narrow channels from Panay and Zebu, and that they are besieging Hollo, capital of the island of Panay, and the second largest port in the Philippines.

Have you ever read a newspaper article, a glowing account of some incident told in elusive words to lead you on, and found it ended up with a proprietary medicine advertisement? Made you angry, didn't it? And were you convinced of the merit of the article? We think not, because it told the experience of some stranger in a far-away town. To take his word for it was like "going it blind." It's a very different thing when a statement is prescribed from a citizen, from people we know, and that's the case here.

Mr. H. P. Hanson, of 103 Pleasant St., engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the Janesville Co's drug store and taking them I felt better. My back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills. I highly recommend this reliable remedy to others."

SPAIN'S LAST PLEA FOR AID.Has Made Her Threatened Appeal
to Europe.**NOW SEEKS POSTPONEMENT.**

France, Russia and Germany Have All Been Asked to Interfere in Her Behalf—Not Much Comfort Afforded by the Replies.

Paris, Nov. 12.—Spain is making a final effort to secure at least the friendly interposition of the European powers in her trouble with the United States, and her appeal has not been altogether in vain. France has replied that she has already given her good offices as the medium through which the preliminary peace negotiations were carried on, but inasmuch as she is now furnishing hospitality to the joint commission it would be unbecoming for her to exercise her slight influence on one side or the other.

The reply of Russia is not known. The current version in the diplomatic world is that it was friendly but empty.

It is in Berlin that Spain has gained some encouragement. The promised visit of Emperor William was the first result of the official invitation from Madrid, sent by the queen regent, and although no reply had been received at the last advices, the invitation would hardly have been given if there had not been reason to hope that it would be accepted.

The Spanish commission will now seek pretexts to delay the negotiations until the opportunity offers to consult Emperor William at Cadiz or Madrid on Nov. 19 or 20.

Emphatic assurances have been received from the highest Spanish authority that Spain will never concede the American demands for the Philippines. But, for the reason just indicated, Spain will probably try to avoid a rupture at the next session of the conference.

Demand the Group Free.

Washington, Nov. 12.—From London comes a story that the United States demand cession of the Philippines without paying any compensation or assuming any debt. Spain is expected to refuse, and, after the islands are seized by the Americans, will lay the matter before the powers. It is said that Senator Gray opposes the course, and would resign from the commission were it not for the complications which would follow. He is expected to lead the opposition to approval of the treaty when it comes before the senate.

Proposals For County Deposits

Janesville, Oct. 17, 1898.—Notice is hereby given that proposals to receive the county funds on deposit for one year from the first day of January, 1899, will be received by the county clerk of Rock county, at his office in the city of Janesville, up to 12 o'clock on the 14th day of Nov., 1898.

Proposals shall state the rate of interest the bidder will pay on daily balances, the interest to be computed and credited to the county at the end of each month, and on condition that such deposits and accrued interest shall be held subject to draft and payable at all times on demand. W. J. MINTYRE, County Clerk.

**An Old Man's
Last Hope.**

Made helpless as a baby by a dreadful nervous disease he read of a case like his own, and had enough faith to follow the example it set him. Now he is himself an example to others who are suffering from disorders of the nervous system.

Sawing wood, working in his garden, walking three times a day to and from his place of business—these form part of the daily routine of Edwin R. Tripp, Postmaster of Middlefield Centre, N. Y. He is past his seventieth birthday.

Nearly fifty years a blacksmith; thirty-two years Justice of the Peace; three years town clerk, then postmaster; forty-six years a resident of the town he now lives in—these are the bare outlines of a useful life.

Mr. Tripp's career is a type. His story will be read with heartfelt sympathy by thousands. His hearty endorsement of Dr. Williams' Pink Pills for Pale People will be echoed by tens of thousands.

He said:

"In March, 1892, I was attacked by what I afterwards learned was locomotor ataxia.

"Two skillful doctors did everything they could for me. I steadily became worse. Was unable to dress myself.

"Later I could not move even about the room, but was carried in my chair.

"I gave up hope. The doctors gave me no encouragement. I did not expect to live very long. I was more helpless than a baby. I sank lower and lower.

"In June the tide turned! From the lowest ebb, it began to set toward health and vigor.

"The turning point was a newspaper article.

"It told how a man, who suffered as I had suffered, had been cured by Dr. Williams' Pink Pills for Pale People.

"It gave me faith and hope. I took two boxes of the pills; then four more boxes.

"My gain was steady; my return to health was a source of daily gratification.

"In all I took eighteen boxes of the pills before I was entirely well. At first I paid 50 cents a box, but afterwards I saved money by getting six boxes at a time, paying \$2.50.

"I owe my cure entirely to Dr. Williams' Pink Pills for Pale People."

To clinch his remarkable story and add to its helpfulness to others, Mr. Tripp made affidavit to its truthfulness before Homer Hanna, a local Notary Public.

From helplessness, suffering and despair Mr. Tripp was restored to the healthful, useful activity suggested at the beginning of this sketch. His experience is like others.

While locomotor ataxia is one of the most baffling nervous diseases with which physicians are called to contend, its cure by Dr. Williams' Pink Pills for Pale People has become a matter of almost daily occurrence. Smaller nervous troubles yield much more readily to the powerful influence these vegetable pills exert in restoring wasted nerve force and in purifying and enriching the blood.

Druggists everywhere sell Dr. Williams' Pink Pills for Pale People.

Why...**

Do you prefer buying your Groceries at a clean, well kept store where the floors are washed often and where dust is an unknown quantity on the shelves, where the goods are arranged in a manner to make them inviting enough to eat when you see them, where Groceries old and musty are unknown, where everybody connected with the establishment is doing their utmost to please you, where if you have any complaint to make (and you know that you often do)

it is listened to pleasantly and everything possible that can be done to right the matter is done, where your Groceries are delivered when you want them and when they are promised to be delivered, where the prices are so low that the balance is always in your favor.

Your inclinations certainly do not naturally draw you to the store where the first impression on entering the door is unpleasant—where the goods lay around hit or miss, some on the floor, a few piled on the shelves, but more of them laying around loosely, where the dusting and sweeping (whenever it is done) is rushed through with in the quickest possible manner, where the dirt is piled up in one corner, where the clerks are in no hurry to wait upon you and when they do you are not perfectly certain of getting the best there is nor what you expected to get, where low prices are perhaps made but it is always a question as to the quality.

The comparison drawn here is not too strong. You get all the attention talked of in the first part at our store, and none of that spoken of in the latter part of this ad. Why not make this your trading place?

WEEKLY REVIEW OF TRADE.

Business Continues Good After the Election.

VOLUME OF TRADE IMMENSE.

The Greatest in the History of the Country for the Month of October—Railroad Earnings Show a Big Improvement.

New York, Nov. 12.—R. G. Dun & Co.'s weekly review of trade says:

"The country has safely passed the trial of off-year elections. Before this election everything except political uncertainties favored business enlargement. The volume of trade has been the largest ever known in October, and the greatest ever known in any month except December, 1892. The record on November thus far shows clearings 10.4 per cent larger than last year and 9.3 per cent larger than in 1892. The railroad earnings in October have been 5.2 per cent larger than last year and 9 per cent larger than in 1892. Foreign trade shows an increase of 20 per cent in October in exports, while imports showed a gain of only 22 per cent in October, and credits against foreign bankers were piling up at an inconvenient rate.

"Failures for the week were 211 in the United States, against 291 last year, and 26 in Canada, against 24 last year."

Bradstreet's says: "The cereal markets have been quite steadily held, notwithstanding the subsidence of the war talk and less active foreign demand, pointing to the strength of the statistical position of most grains. Wheat, including flour shipments, for the week aggregates 3,647,693 bushels, against 6,773,643 bushels last week. Corn exports for the week aggregate 2,142,745 bushels, against 2,355,540 bushels last week."

WILL CONTEST ELECTION.

William Ray Gardner Files Notice in the Second Indiana District.

Indianapolis, Ind., Nov. 12.—William Ray Gardner, who was the republican candidate for congress in the Second Indiana district, has filed with the secretary of state his notice of contest against Robert W. Miers, who upon the face of the returns has been elected. The contest is based on the one allegation that in the county of Washington the name of Miers did not appear under the emblem selected by the democratic party in the convention that nominated Miers. The contest raises a new question under the election law of the state. The law says that the name of any candidate shall not appear on more than one ticket.

Nervous Wreck.

Left by La Grippe in a Very Nervous Condition. "Had 'Queer Feelings' in my Head." Cured by Dr. Miles' Nervine.

If you have had La Grippe, you can realize something of the suffering endured by its thousands of victims every year. You know, perhaps, how it tears and strains at your spinal column; how it twists your neck and fairly seems to split your head wide open. You know how it seizes you with a vice-like grasp, whirling you up into the black cloud of a nervous cyclone—then suddenly lets you go and you fall back bruised and wounded when the storm is over. Perhaps you also know that Dr. Miles' Nervine will kill La Grippe—that it is a wonderful healer and will close up the lacerated wounds and revive the vanquished spirits. Thousands of unfortunate victims have found in that great nerve food and tonic just the medicine needed to repair the injuries inflicted by the modern scourge, La Grippe. If you don't need it tell your friends about it. It will help them.

Mr. J. M. Allison, 54 Tacoma ave., Indianapolis, Ind., can not say too much in praise of Dr. Miles' Restorative Nervine. He writes: "In January, 1892, I

was taken with a very severe case of La Grippe which hung on for five long weeks; and as a result I was left in a very weak condition. My nervous system was affected to such an extent that I could not sleep at night, and I was restless at all times. As my physicians were unable to relieve my suffering, I decided to try Dr. Miles' Restorative Nervine. After using one bottle I began to sleep at night, and my sleep was quiet and restful. As I continued the use of the medicine my nerves steadied up, the "crazy feelings" left my head, and I have not been troubled with them since. Dr. Miles' Nervine did more for me than all the doctor's medicine I ever took."

Another victim of La Grippe writes as follows: "I had an attack of La Grippe which left me in a fearful condition. I lost all appetite for food, was troubled with a fluttering sensation of my heart, and my nerves were so shattered that it was almost impossible to obtain sleep or even to lie down. The doctors did all they could for me and

finally told me that I could not live more than three weeks. I then commenced taking Dr. Miles' Restorative Nervine together with Dr. Miles' New Heart Cure and in less than two days I was able to go to bed and sleep soundly all night. I continued to improve steadily until my old strength and vigor had returned to me, and now I feel as if I had been made a new man. My gratitude for the benefit I have received from these wonderful medicines is unbounded, and I never cease to sound their praises whenever and wherever opportunity occurs. S. H. WARREN, Box 29, Gaylord, Mich.

Bank Safe Robbed.

Kirkville, Mo., Nov. 12.—This city was thrown into much excitement Friday morning when it was learned that the savings bank had been robbed. Burglars entered the bank Thursday night and looted the safe of all its

gold and currency, together with about \$15,000 of government coupon bonds. Of gold and currency the amount taken was about \$6,000. When the robbers departed they left behind a large pile of silver money, which was lying on the vault floor. The bank's loss will be comparatively small, as it was insured up to within a few thousands of the money lost. The bank officers have offered a reward of \$1,000 for the apprehension of the guilty ones.

NOTHING SO ANNOYING

As to sit down to a meal and have the meat "too tough" to eat. Meat is the principal part of the meal—the article of food you rely on for strength and blood. Our strict attention to quality is the secret of our large meat business. We try our best to satisfy customers with tender, juicy meats, and the new people that come to us continually make us believe our efforts are appreciated.

Clothing

Prices

Slaughtered

Suits and pants reduced to one half usual prices. Profits thrown to the winds and cost not recognized in any way.

The One Idea

Is always in mind

All stock must be closed out at once, and the quicker way the better. And low prices make the quickest possible outlet. Men, clothe yourselves while you can save half of the cost of doing so, and attend to it at once. Mothers bring the boys in and secure some of these wonderful bargains; but don't wait too long. Every day of this sale is one day nearer the final close of this marvelous slaughter.

Holeproof Sox Need No Darning

A SAVING FOR MEN AND A BLESSING FOR WOMEN.

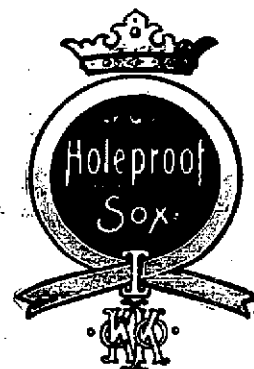

HOLEPROOF SOX are practically a new article on the market. What seemed to be impossible has been made possible. The problem that has vexed many sock makers has finally been solved after years of patient effort by the manufacturers of HOLEPROOF SOX. You cannot wear a hole in these Sox with ordinary use. The sanitary properties insure absolute antiseptic qualities. Constant wear of ordinary sox causes excessive heat to the feet. HOLEPROOF SOX avoid this. Each washing makes them softer and the most sensitive feet have entire comfort in their use.

A Guarantee:

Four pairs of these Sox will need no darning for six months if worn alternately. We positively guarantee this point.

Holeproof Sox

Seem to cost 50 cents a pair, when, as a matter of fact, they really cost only 8 cents a pair. Don't you see? They outwear six ordinary pairs. Now, six ordinary pairs cost \$1.50, while one pair of HOLEPROOF SOX costs 50 cents. 1-6 of \$1.50—25 cents. 1-6 of 50 cents—8 1/3 cents. Quite a saving, isn't it? And there's more saved than money—there's time, trouble, temper. HOLEPROOF SOX come in four colors: black, light tan, dark tan and natural grey.

Way's Mufflet for Men and Women

WAY'S MUFFLET is a netted worsted throat and lung protector, as easily put on and taken off as your hat; has patent fasteners at the back, and can be rolled up and put in the pocket. They not only save you from cold but also preserve the glossy finish of your linen and are to be used for all outdoor purposes. All grades and colors: \$1.00, \$1.25 and \$1.50.
